About Us

Dibia Jyoti Multiple Campus (DJMC) was established to provide the quality education by the tireless efforts and endeavors of the social workers, academicians, administrators and the political leaders on 16th Marg, 2047 B.S. on the lap of religious place Daunne hill of Nawalparasi district, Nepal. DJMC has crossed 33 summers and winters in its life cycle. The campus celebrated its own Silver Jubilee Year in 2072. Now it is one of the leading public campuses affiliated to Tribhuvan University which received certificate of Quality Assurance and Accreditation on 17 June 2018 A.D. and now we are in process of re-accreditation from UGC, Nepal. This holistic academic institution has taken academic pace demonstrating its highest possible positive performances. It equally focuses on co-curricular activities to bolster the hidden talent of individual student. Result oriented teaching and learning achievements are the real pride of this institution.

The campus started its academic programme of Proficiency Certificate Level in the Faculty of Humanities and Social Sciences from the academic year 2047 B.S. The campus developed into a multiple campus after it got affiliation to run classes of P.C.L. in management 2048 B.S. and Bachelor's level in Humanities in the year 2054/055 B.S. The campus got the affiliation for academic programme of B.B.S. in 2059/060 B.S. and B.Ed. in 2061/062 B.S. It got affiliation to run M.B.S. programme in 2064/065 B.S. and M.Ed. Programme in 2066/067 B.S. with specialization courses on E.P.M. and Nepali. Similarly, our education institution has been running BBA Programs 2075 BS onwards.

VISION, MISSION, OBJECTIVES AND GOALS:

Vision : Dibyajyoti Multiple Campus will be transformed into the nationally best public campus for higher and technical education of the nation.

Mission : Dibya Jyoti Multiple Campus exists to foster quality education at affordable fee structure to fulfil the national requirement, to uplift the society and nation by producing quality graduates compatible to labour market and academic research.

Objectives:

- To meet the academic goal of nation and the interest of students to offer the best academic programs of master's and bachelor's level.
- To generate and expand opportunities for community based social participation
- To increase equal access to education for all marginal and underprivileged groups of people.
- To provide quality education to assist the nation's academic goal as per the need of market nationally and internationally.
- To increase the rate of graduates in Nepalese market to meet the current need of the nation.

Goals:

The goal of institution is to develop itself by producing skilled resources through education, research, and social welfare services. Campus is alert to produce vibrant graduate with tolerant, balanced, independent and ethically motivated quality. A group of academicians along with some social activists and general public wanted to make a long term investment in the field of knowledge during 2047 B.S. and their seminal thought gave way to Dibyajyoti Multiple Campus, Bardaghat-2 Chisapani. As an interest to the investment, the institution has produced a large number of graduates, scholars and intellectuals who have been serving throughout the nation, in and out of the community with the logo of DJMC. The answer to the question why DJMC is the first choice amongst the graduate students of this region today should be sought in a couple of parallel sentences. And it is because the campus is non-profit making community institution which is run with the public consensus at large. In short, it targets to provide quality education at reasonable fee structure.
